

## Training

We provide a range of structured, tailored training for teaching professionals and all those within education to meet the needs of pupils with ADHD.

ADHD is explained using evidenced based knowledge providing clear practical approaches to its management, enabling you to make appropriate and timely interventions and provide the right support. Our training provides learners with the opportunity to see ADHD from the perspective of those who live with and care for those with ADHD.

### Our Training Programmes Provide:

- Awareness and clarification about the characteristics of ADHD
- Strategies to manage ADHD type behaviour
- Skills and knowledge to support pupils living with ADHD at critical stages of transition
- Understanding related language, communication and mental health issues linked with ADHD
- Bespoke workshops

### Training Courses include:

- ⇒ Half Day Basic Awareness
- ⇒ Full Day Awareness including medication, classroom strategies and workshops
- ⇒ One day Level 3 OCN accredited training - Working with Children and Young People with ADHD
- ⇒ **1:1** Coaching and Mentoring programmes
- ⇒ Support at Multi Agency meetings for families with complex issues
- ⇒ Two Day Connect 4 ADHD intensive programme for small groups of pupils whose ADHD is impacting on their academic achievement
- ⇒ Bespoke whole family approaches to understanding and managing ADHD
- ⇒ Level 3 OCN Accreditation

### Accredited ADHD Coaching Certificate

We provide accredited training programmes for individuals supporting children, young people and adults with ADHD including ADHD specific Coaching qualifications.

### Accredited 'ADHD Inclusion' Kite Mark

Our 'ADHD Inclusion' Quality Mark gives your school, college or university recognition for your inclusive practice in supporting children, young people and adults with ADHD to access and retain a place within their education

**We deliver our services from our Head Office in Liverpool or at your preferred location.**
