

Child and Educational Psychologist Holistic Assessment

At the ADHD Foundation, we are able to offer Merseyside and the surrounding areas a Child and Educational Psychologist Holistic Assessment. We provide two packages, which assess all developmental areas and provide support around transitioning, guidance and advice, and access to a dyslexia/dyscalculia diagnosis if required.

On average, our Child and Educational Psychologist can facilitate appointments in three weeks.

Bespoke packages outside of Merseyside can be discussed. Prices may vary.

Consultation Appointment £250

This helps explore where the gaps are and identifies the young persons needs.

This includes:

- Consultations with key adults in the young persons life, such as teachers and parents/carers
- Guidance and advice for both School and Home
- Key Points/ identifies areas of need
- Educational Psychologist report

Additional appointments, review assessments, and diagnosis can be requested. These will be subject to additional cost.

Whole Day Assessment £500

This helps highlight and determine areas of need, providing support to both the School and Home.

This includes:

- Full Systemic Assessment
- Classroom Observations
- Consultations with key adults in the young persons life, such as teachers and parents/carers
- Direct work with the young person
- Full Educational Psychologist Report, including recommendations and areas of need identified
